Mike Faught
Director of Public Works
City Of Ashland

Upper Beach Street Neighbors
Beach Street
Ashland, Oregon

9 August 2013

Dear Mike,

Subsequent to the conversations and meetings we have had concerning the possibility of Chip Seal Application to unpaved Ashland City Streets, we, the undersigned neighbors, wish to present you with our enthusiastic and unified support in favor of your proposal. We also wish to encourage your office to pursue the necessary funding in a timely manner to accomplish this improvement in our City's environment.

In the meantime, we will continue our dust suppression efforts as we have in the past. We chip in to share the cost of applying a dust suppressant to the upper part of Beach Street in an effort to achieve clean, breathable air in our neighborhood and in our City.

We send you our best wishes for the success of the project you have proposed. Through your efforts, Ashland could very well become a State-wide standard for achieving alternative solutions to persistent problems!

Thank you for your efforts on our behalf and on behalf of all our dusty citizens!

Sincerely,

D. Thusius
