**3. PROJECT EVALUATION CRITERIA - Complete as applicable to project**

Applications will be scored according to how well the project fulfills RVMPO goals in the four areas itemized below: **Mobility, Community Vitality & Livability, Transportation Options** and **Resource Conservation**. Evaluation criteria are based on the region's transportation goals and federal planning requirements. A full explanation of these goals-based criteria is in the attached guidance. Reviewing the goals may help in providing the best information about your project. **It is not anticipated that any one application would respond to all items in this section.**

**Information provided in the shaded areas may be used to evaluate project for CMAQ funding.**
