

Why Should I Get Involved?

If you use transportation, you are involved!

You probably used some form of transportation today. Whether it's a car, bike, bus, wheelchair or walking – you are involved.

Transportation allows us to get to and from work, school, shopping, meetings, events, medical services, etc. Transportation affects our quality of life, from the air we breathe, safety of our families, and to our own personal budgets.

The transportation system is designed to serve you. The funding to develop and maintain our transportation system comes from several sources – including your tax dollars!

Your input is critical to the overall quality of our region's transportation system, and to ensure your transportation needs are being met.

- What type of transportation do you use?
- Are you satisfied with your choices?
- Do you have any problems with this method?
- Would you like more options?

Interested in Getting Involved?

→ **Inquire about serving on the Public Advisory Council (PAC)**, which is the public sounding board to the MPO Policy Committee. Email Sue Casavan at scasavan@rvcog.org or call 541-423-1360.

→ **Visit the RVMPO website:** www.rvmpo.org. From the website you can read/download our documents, learn about future events, read our meeting minutes, check our meeting agendas and meet the staff.

→ **Join the RVMPO email list:** To receive notices when public meetings and comment periods are held: Email Sue Casavan at scasavan@rvcog.org or call 541-423-1360.

Rogue Valley Metropolitan Planning Organization

Citizens Guide to Metropolitan Transportation Planning

Guide # 1

What is the RVMPO?

Rogue Valley Metropolitan Planning Organization

RVMPO

This guide is provided to help you become better informed and encourage your participation in the transportation planning activities of the Rogue Valley Metropolitan Planning Organization (RVMPO)

What is the RVMPO?

A metropolitan planning organization (MPO) is an entity designated by law for areas with a population of 50,000 or more, with the lead responsibility for the development of the area's transportation plans and for coordinating the transportation planning process. Federal funding for transportation projects and programs are channeled through the MPO. The Rogue Valley Metropolitan Planning Organization (RVMPO) covers the urbanized area of Jackson County, which includes the communities of Ashland, Talent, Phoenix, Jacksonville, Medford, Central Point, White City, and Eagle Point.

Federal and state legislation for MPOs can generally be summarized as follows:

- Develop and maintain a long-range **Regional Transportation Plan (RTP)**.
- Develop and maintain a short-range project programming document, the **Metropolitan Transportation Improvement Program (MTIP)**.
- Coordinate transportation decisions among local jurisdictions, state agencies, and area transit operators. Develop an **annual work program (UPWP)**.
- House and staff the regional **travel demand model** for the purposes of assessing, planning, and coordinating regional travel demand impacts.

Additionally, due to local circumstances, RVMPO has responsibility under the Clean Air Act (and corresponding state law) for the following:

- Perform regional **air quality conformity** analyses and demonstrate regional transportation conformity for carbon monoxide (CO) and particulate matter (PM₁₀).

The Rogue Valley Council of Governments staffs the RVMPO. The **RVMPO Policy Committee** makes final RVMPO planning decisions. It is composed of elected and appointed officials from Central Point, Medford, Phoenix, Ashland, Talent, Jacksonville, Eagle Point, Rogue Valley Transportation District (RVTD), Jackson County and ODOT.

The Policy Committee considers public comment and recommendations from **two standing advisory committees**. Those committees are:

- **RVMPO Technical Advisory Committee (TAC)**
The TAC is primarily made up of technical staff from the public works and planning departments of member jurisdictions, local agencies and state planning officials. Because of their technical expertise, TAC members are mostly involved with the transportation planning process. TAC advises the Policy Committee on technical transportation issues and reviews all of the transportation documents presented to the Policy Committee.
- **RVMPO Public Advisory Council (PAC)**
The RVMPO PAC consists of residents from geographic and special-interest areas within the RVMPO, appointed by the Policy Committee. Members make recommendations from

the public's perspective on proposed long-range transportation plans, project plans, priorities for state and federal funding and other transportation issues.

The standing advisory committees also receive public comment. In addition to these two committees, the Policy Committee from time to time authorizes the formation of ad hoc committees to provide input on specific planning issues and projects.
