Action Items

3. Amendment to the 2024-27 TIP

Ryan MacLaren

Background:

The TAC is being asked to review amendments to the 2024–2027 Transportation Improvement Program (TIP) to include the following project(s):

- A. Adjust Project in TIP: Enhanced Mobility S&ID RVTD FFY23 (KN21982)
- B. Adjust Project to TIP: Enhanced Mobility S&ID RVTD FFY24 (KN 21991)
- C. Adjust Project in TIP: Enhanced Mobility S&ID RVTD FFY25 (KN 22959)
- D. Adjust Project in TIP: Enhanced Mobility S&ID RVTD FFY26 (KN 22971)
- E. Adjust Project in TIP: Enhanced Mobility S&ID RVTD FFY27 (KN 22984)
- F. Add Project to TIP: Mass Transit Vehicle Replacement FY25 RVTD (KN 23712)
- G. Add Project to TIP: Bus Facility Improvements-SM urban RVTD FFY24 (KN 23714)
- H. Add Project to TIP: *Oregon Transportation Network RVTD FFY25 (KN 23723)*
- I. Cancel Project in TIP: OR66: Railroad Bridge Southbound exit 14 (KN 21184)

The 21-day public comment period and public hearing was advertised on or before Tuesday, September 3, 2024, in the *Rogue Valley Times*, and

information is currently available on the RVMPO website.

Attachment: #2 TIP Amendments

Action Requested: Recommendation of Approval

4. RTP Goals and Policies Dan Moore

Background: The RVMPO is updating the 2025-2050 Regional Transportation Plan (RTP)

scheduled for adoption in September 2025. Attached is the final draft of the 2025-2050 RVMPO Regional Transportation Plan Goals, Policies and Potential

Actions as proposed by the Technical Advisory Committee.

Attachment: #3 Draft of Goals and Polices Memo

Action Requested: Recommendation of Approval

5. NearMap Ryan MacLaren

Background: NearMap is an aerial imaging company. "Explore, markup, and share aerial

insights with up-to-date property data and location intelligence derived from regularly captured aerial imagery." The current subscription expires in

December. The RVMPO can fund another three years.

Action Requested: Recommendation of Approval

RVMPO TAC Minutes – Wednesday, August 14, 2024

Agenda Packet Meeting Audio Part 1 & Part 2

1. Call to Order at 1:30 / Introductions / Review Agenda 00:00 – 01:20

Quorum: Ashland, Central Point, Eagle Point, Jacksonville, Medford, Phoenix, Jackson County, ODOT, RVTD

2. Review / Approve Minutes 01:20 – 02:15

01:39 Thomas Guevara moved to approve the July 10, 2024, RVMPO TAC Meeting Minutes as presented. Seconded by Matt Samitore.

No further discussion.

Motion passed unanimously by voice vote.

Action Items

3. Amendments to the 2024-2027 Transportation Improvement Program (TIP) 02:15 - 06:46

O6:02 Thomas Guevara moved to recommend approval of the TIP Amendments as presented. Seconded by Charles Bennett.

No further discussions.

Motion passed unanimously by voice vote.

4. RTP Goals and Policies 06:46 - Beginning of Second Audio - 11:04

Thomas Guevara moved to recommend the removal of the Performance Indicators due to them not being a requirement. Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

Thomas Guevara moved to recommend not incorporate the revisions of state equity due to redundancy. Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

46:44 Matt Samitore moved to recommend approval of the changes under Policies 3 and 5 in the DLCD memo, and no other. Seconded by Charles Bennett.

Friendly Amendment by James Philp to remove Policy 3-10. Seconded by Matt Samitore.

No further discussion on the amendment.

Friendly Amendment passed unanimously by voice vote.

Further discussion on the exact motion.

Motion passed unanimously by voice vote.

01:16:37 Charles Bennett moved to recommend the removal of all Performance Indicators.

Seconded by Matt Samitore.

Further discussion on preservation of Performance Indicators.

Motion was Withdrawn.

01:25:30 Matt Samitore moved to recommend reinstating all Performance Indicators and moving them to an appendix. Seconded by Charles Bennett.

No further discussions.

Motion passed unanimously by voice vote.

01:29:35 Paige West moved to recommend adding the Goal 1 language in the Policy Committee memo, keeping the word 'Support' in Policy 1-4, and adding a Potenatal Action "Support and maintain current multi-modal improvements which foster connectivity." Seconded by Matt Samitore.

No further discussions.

Motion passed unanimously by voice vote.

01:31:18 Alex Georgevitch moved to recommend the changes in Goal 3 in the Policy Committee memo, moving Policy 3-8 to a Potential Actions, and moving the Potential Action beginning with "Measure the increase in new housing" to Performance Indicators appendix. Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

01:36:56 Paige West moved to recommend maintaining the language in Goal 4, adding "improves the resiliency and reliability of the transportation system," and to not add the additional Policies. Seconded by Matt Samitore.

No further discussions.

Motion passed unanimously by voice vote.

01:39:06 Paige West moved to recommend moving Policy 6-5 as a Potential Action, and the addition of "Mobility Hubs and." Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

00:50 Justin Shoemaker moved to recommend not adding Policy 7-5. Seconded by Thomas Guvara.

No further discussions.

Motion passed unanimously by voice vote.

Matt Samitore moved to recommend not changing the Goal title, or the changes to Policies 8-3 and 8-4, support changes to 8-6 and move 8-6 to Potential Actions, not support changes in 8-7, and support the addition of the Potential Action. Seconded by Justin Shoemaker. Further discussion on the exact motion.

Friendly Amendment by Matt Samitore to not support the additional Performance Indicator. Seconded by Justin Shoemaker.

No further discussion on the Friendly Amendment.

Friendly Amendment passed unanimously by voice vote.

Motion passed unanimously by voice vote.

5. RTP Project List 11:04 – 38:45

31:40 Alex Georgevitch moved to recommend approval of the RTP Project list with the following modifications: Phoenix's Urban Reserve Areas Project be moved to the Long Range; remove Jackson County Foothills from Delta Waters from Dry Creek Project; remove Medford Foot Hill Rd Project; add in Medford South Stage Rd Project to Long Range. Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

6. RVMPO Financial Forecast 38:45 – 44:16

41:33 Matt Samitore moved to approve the RVMPO Financial Forecast as presented. Seconded by Justin Shoemaker.

No further discussions.

Motion passed unanimously by voice vote.

Discussion Items

DATE: September 3, 2024

TO: RVMPO Technical Advisory Committee

FROM: Ryan MacLaren, Planning Program Director

SUBJECT: TIP Amendments

The TAC is being asked to make recommendations to the Policy Committee on the proposed TIP amendments described below and on the following pages. The Policy Committee will hold a public hearing at 2:00 p.m. on Wednesday, September 24, 2024 to consider adoption of the proposed TIP amendments. A press release for the 21-day public comment period and public hearing was sent on or before September 3rd to the Rogue Valley Times and information is currently available on the RVMPO website. Information on the projects is enumerated, below:

A. Adjust Project in TIP: Enhanced Mobility S&ID - RVTD FFY23 (KN21982)

Description: Increase: 21982 \$160,875, 21991 \$195,016, 22959 \$55,593, 22971 \$31,678, 22984 \$5,596. Update project names to "Enhanced Mobility S&ID". Add "State administration included" to project descriptions. Slip 21982 and 21991 to 25. OTC approved 8/1/24.

DATE: September 4, 2024

TO: Technical Advisory Committee (TAC)

FROM: Dan Moore, Senior Transportation Planner

SUBJECT: TAC's Proposed Final Draft of the 2025-2050 Regional Transportation Plan

Goals, Policies, Potential Actions and Performance Indicators

Attached is the final draft of the 2025-2050 RVMPO Regional Transportation Plan Goals, Policies and Potential Actions as proposed by the Technical Advisory Committee.

Performance Indicators are removed and included in "Appendix X – Potential Performance Indicators" attached.

Goals, Policies, & Potential Actions

The goals and policies for the plan are listed below, along with the potential actions and performance indicators. The number of policies varies among the goals. Likewise, the number of potential actions also varies. And not every policy has a corresponding performance indicator. The number of policies, actions, or indicators (or, in some cases the absence of potential actions and indicators) is not a reflection of the importance or significance of a particular goal.

GOAL 1

Design, develop, and support a balanced and interconnected multi-modal transportation system which will address existing and future needs.

POLICIES

- 1-1 Improve the accessibility, connectivity, efficiency, and viability of the transportation system for all modes and users.
- 1-2 Utilize design standards, landscaping and other amenities as transportation facilities are developed in the urban areas to encourage transit, pedestrian, and bicycle users.
- 1-3 Develop a user-friendly and comprehensive multi-modal transportation system by using the MPO structure as a forum.
- 1-4 Support multi-modal and public transportation options by encouraging land use design standards and funding opportunities.
- 1-5 Establish Long-Term Potential (LTP) corridor areas through the RVMPO where planning for future road connections beyond the planning horizon is apparent.

POTENTIAL ACTION

- ❖ Design projects with space reserved for current and future multi-modal transportation infrastructure connections.
- Support and maintain current multi-modal improvements which foster connectivity.

GOAL 2

Develop, optimize, and coordinate current procedures for the Safety and Security of the Transportation System.

POLICIES

- 2-1 Coordinate with Federal, State, and local agencies to promote traffic safety education and awareness.
- 2-2 Catalogue and rank crash-prone areas, placing a higher priority on transportation investments correcting safety deficiencies for all modes of transportation.
- 2-3 Coordinate with incident-response agencies to design and operate a transportation system supporting timely and safe incident response.
- 2-4 Reduce vulnerability to the public, goods movement, and critical transportation infrastructure to crime, incidents, and natural hazards.
- 2-5 Plan, manage and support development of alternate transportation routes in response to regional incident needs.

POTENTIAL ACTIONS

- ❖ Work together with local, state, and regional providers to maintain coordinated regional emergency and incident response plans.
- ❖ Examine all modes of transportation for security deficiencies. Recommendations for improvements are developed and implemented.

GOAL 3

Promote transportation investments which support compact, livable and unique communities, protect and enhance the environment, and promote energy conservation.

POLICIES

- 3-1 Recognize and encourage the connection between transportation efficiency and varying land use types, mixes, and densities.
- 3-2 Plan and support street and pathway connectivity, including off-road corridors for non-motorized users.
- 3-3 Identify, plan and support regional transportation options which protect the environment and promote health.
- 3-4 Identify and support funding transportation projects which will promote consistency with state and local plans.
- 3-5 Identify and study potential environmental impacts and mitigation to maintain and restore affected environmental functions in consultation with appropriate, Federal, State, and local agencies.
- 3-6 Identify and consider incorporating into design and planning areas that represent features of historical value and community identity.
- 3-7 Identify and support regional strategies which will encourage more efficient use of existing parking facilities.

POTENTIAL ACTIONS

- Support local transit-oriented development plans and similar measures that improve transportation system efficiency.
- Develop street networks by connecting new and existing neighborhoods.
- ❖ Identify and engage special populations, especially low-income and minority communities, in the planning process.
- Consult with federal state and local land use management, natural resources, wildlife, environmental protection, conservation, and historic protection agencies during the transportation project planning process. Emphasize mitigation actions.
- Support development of local parking management plans.
- Consider travel demand model alternatives based upon assumed population and housing distribution.
- Consult with housing officials and organizations to foster integration of housing and transportation.
- ❖ Encourage and promote the safe and efficient management, operation, and development of surface transportation systems that will better connect housing and employment.

GOAL 4

Develop a plan that can be funded and reflects responsible stewardship of public funds that preserves and improves the resiliency and reliability of the transportation system.

POLICIES

- 4-1 Develop innovative and sound funding policies to implement the RTP. Ensure that costs of planned improvements are consistent with policies.
- 4-2 Prioritize investments to preserve the existing transportation system.

POTENTIAL ACTIONS

- Encourage public-private partnerships and other innovative approaches to maximize resources.
- Support funding mechanisms such as System Development Charges to collect from new developments a proportionate share of facility improvement costs.
- Support, fund, and implement maintenance programs for transportation facilities.

GOAL 5

Identify, plan and develop transportation infrastructure which maximizes the efficient use for all users and modes.

POLICIES

- 5-1 Analyze the regional transportation system effectiveness by adding or removing traffic signals and signal networks, including interstate access ramp signals.
- 5-2 Consider and support measures to optimize intersection and interchange design.
- 5-3 Support an access management strategy to improve traffic flow.
- 5-4 Identify, develop, and effectively integrate technology with transportation infrastructure consistent with the RVMPO Intelligent Transportation System (ITS) program.
- 5-5 Encourage and consider the use of alternative design standards to minimize the costs and impacts to existing communities.

POTENTIAL ACTIONS

- Coordinate and link signals to a master control system to optimize system efficiency.
- Utilize interstate ramp meters to control the amount of traffic entering the freeway to maintain acceptable traffic volumes on the interstate.
- Increase intersection capacity through geometric improvements and elimination of turn movements.
- Implement Transit Signal Prioritization on primary transit corridors, where appropriate.

GOAL 6

Identify, develop, and support diverse strategies to lessen dependence upon single-occupant vehicles.

POLICIES

- 6-1 Support Transportation Demand Management strategies.
- 6-2 Identify, develop, and facilitate alternative parking strategies encouraging walking, car and bicycle sharing, bicycling, car and vanpooling, and transit.
- 6-3 Identify, plan, and enhance bicycle, pedestrian, and transit systems in the region.
- 6-4 Strive to improve transit services in the region.

POTENTIAL ACTIONS

- ❖ Implement Transit Signal Prioritization on primary transit corridors, where appropriate Encourage infill development by supporting reduced parking requirements where appropriate.
- Support design standards with parking at the side or rear of buildings so pedestrians can access entrances.
- Support mobility hubs and park-and-ride standards to place facilities near transit routes.
- ❖ Promote regionally connected network of off-street bicycle/pedestrian facilities with minimal roadway crossings (Bear Creek Greenway).
- ❖ Plan for, build, and maintain shared roadways for use by all modes.
- Use land use codes to promote bicycle and pedestrian travel by requiring amenities such as bike racks, crosswalks, showers and lockers at worksites and retail centers.
- Improve pedestrian access to transit.
- Support other forms of public and private transportation such as bus rapid transit, light rail, trolleys, and transit feeder and connector services as the region's population reaches higher thresholds.
- Strive to complete projects identified in the Jackson County Active Transportation Plan.

GOAL 7

Develop, coordinate, and administer an open and balanced process for planning and developing the regional transportation system.

POLICIES

- 7-1 Coordinate and support existing and future plans for the regional transportation system in conjunction with land use and development.
- 7-2 Obtain and organize public input in the regional transportation planning process with innovative outreach methods consistent with the RVMPO Public Participation Plan.
- 7-3 Coordinate local, state, and regional transportation planning through the RVMPO.
- 7-4 Formulate decisions which shall be consistent with Federal and State regulations, including the Oregon Highway Plan, the Transportation Planning Rule, and the Clean Air Act.

POTENTIAL ACTIONS

- Maintain a website with updated information about all regional planning.
- Support the RVMPO's Technical Advisory Committee, Public Advisory Council, and the Policy Committee for deliberation of regional transportation planning issues.
- ❖ Participate in local and regional and national organizations to support RVMPO actions.
- Involve transportation providers in the planning process.

GOAL 8

Evaluate and support regional transportation investments to foster economic opportunities locally and regionally.

POLICIES

- 8-1 Accommodate travel demand to create a regional transportation system supporting a robust local economy.
- 8-2 Evaluate and analyze effects on freight mobility when prioritizing projects, regionally and locally.
- 8-3 Support transportation projects which will reduce and remove identified barriers to safe, reliable, and efficient freight movement including adequate roadway space for commercial vehicle deliveries, locally and regionally.
- 8-4 Support transportation projects which will serve commercial, industrial, and resourceextraction lands where an inadequate transportation network impedes freight-generating development.
- 8-5 Support a comprehensive and versatile regional transportation interface for the efficient movement of goods and people, both locally and regionally.

POTENTIAL ACTIONS:

- ❖ Balance the demand for freight routes with the demands for local circulation.
- * Explore the feasibility of developing interurban freight delivery systems.
- Support the use of the transportation planning process to address the integration of housing, transportation and economic strategies.
- Support transportation projects which enhance travel and tourism.

Appendix X RVMPO RTP Goals & Potential Performance Indicators

GOAL 1

Design, develop, and support a balanced multi-modal transportation system which will address existing and future needs.

Potential Performance Indicators

- ✓ Increase the proportion of regional corridors serving no less than three modes.
- ✓ Continuing developed use of "streetscapes," such as benches, planters, and traffic calming.
- ✓ Growth in transit, pedestrian, and bicycle use.
- ✓ Improved quality and safety of multi-use paths
- ✓ Improved conditions for the safety and mobility of freight routes.

GOAL 2

Develop, optimize, and coordinate current procedures for the Safety and Security of the Transportation System.

Potential Performance Indicators

- ✓ Measured reduction in the number and severity of injury and fatal crashes.
- ✓ Measured reduction in the number of non-injury and property damage crashes.
- ✓ Increase in safety education.
- ✓ Incorporate crash history/safety concerns in project evaluation.

GOAL 3

Promote transportation investments which support compact, livable and unique communities, protect and enhance the environment, and promote energy conservation.

Potential Performance Indicators

- ✓ Measure changes in mixed-use and downtown development.
- ✓ Measure impacts on open space and identified resource areas (Environmental Considerations chapter of the RTP) using most up-to-date data, including Rogue Valley Environmental Database.
- ✓ Measure expansion of off-network paths and increase in population and employment with access to paths.
- ✓ Improve air quality through projects that reduce carbon monoxide, particulates (PM10) and greenhouse gases.
- ✓ Improve lighting standards in urban areas, where it is appropriate, to reduce light pollution and to be consistent with roadway classifications.
- ✓ Measure the increase in new housing served by transportation projects (bike/ped/transit) to inform decision-making.

GOAL 4

Develop a plan that can be funded and reflects responsible stewardship of public funds that preserves and improves the resiliency and reliability of the transportation system.

Potential Performance Indicators

- ✓ Track funding obligations, funding availability.
- ✓ Review and update project funding criteria using quantitative methodologies to the extent practicable.
- ✓ Maintain RTP project selection criteria to be consistent with state and federal funding eligibility.

GOAL 5

Identify, plan and develop transportation infrastructure which maximizes the efficient use for all users and modes.

Potential Performance Indicators

- ✓ Measure improvements, upgrades to existing system.
- ✓ Measure implementation of ITS projects.
- ✓ Track projects that use innovative, emerging technologies.
- ✓ Track on-time performance for RVTD.

GOAL 6

Identify, develop, and support diverse strategies to lessen dependence upon single-occupant vehicles.

POTENTIAL PERFORMANCE INDICATORS

- ✓ Track transit service hours and ridership.
- ✓ Track funding for bicycle, pedestrian, and transit projects.
- ✓ Measure population living within ¼-miles of transit service.
- ✓ Implement a TDM self-evaluations and reporting process for local jurisdictions.
- ✓ Track the number of people who are participating in a TDM program.

GOAL 7

Develop, coordinate, and administer an open and balanced process for planning and developing the regional transportation system.

Potential Performance Indicators

- ✓ Record public participation, comments, attendance at meetings.
- ✓ Demonstrate linkage of public comments to decisions and plan content.

GOAL 8

Evaluate and support regional transportation investments to foster economic opportunities locally and regionally.

POTENTIAL PERFORMANCE INDICATOR

✓ Measure employment change in vicinity of projects.
