

2021 - 2022 Unified Planning Work Program

May 25, 2021

Rogue Valley Metropolitan Planning Organization

The RVMPO is staffed by the Rogue Valley Council of Governments

Page left intentionally blank

RVMPO Vision

We envision a future for the Rogue Valley MPO region in which transportation and land use planning are fully integrated and equally considered in all regional planning decisions. The planning process is conducted **openly and cooperatively at all jurisdictional levels**, and marked by a high level of **public participation**.

As a result, the Rogue Valley of the future is a vibrant region whose economy is balanced and diverse, attractive to young and old because of its distinct, thriving communities surrounded by beautiful open space and productive farmland. Individual communities feature compact downtowns with a well-integrated system of **safe** and appropriate **transportation options** connecting residential with a variety of activity nodes, including schools, libraries, stores, parks, services and employment. In many areas, mixed use development has brought residential and commercial into close proximity to create pedestrian friendly environments.

In a conscious shift from a focus on road expansions in and near communities, RVMPO policy encourages **connectivity** and **works to identify and enhance funding opportunities** for ride sharing, alternate energy vehicles, pedestrian, equestrian and bicycle paths, transit, rail system, a world class airport, and well maintained public streets.

Resolution 2021-03

**Metropolitan Planning Organization - Policy Committee
Adoption of the FY 2021-22 Unified Planning Work Program**

Whereas, the Metropolitan Planning Organization was formed in 1982 to coordinate transportation planning in the greater Rogue Valley; and

Whereas, the Metropolitan Planning Organization Policy Committee is a designated committee of the Rogue Valley Council of Government; and

Whereas, the Metropolitan Planning Organization must prepare an annual Unified Planning Work Program (UPWP) that identifies program activities and expenditures; and

Whereas, the Policy Committee oversees Transportation Planning Activities for the Rogue Valley Metropolitan Planning Organization; and

Whereas, the Metropolitan Planning Organization Policy Committee did review and comment on the UPWP for Fiscal Year 2021-22 on February 23, 2021; and

Whereas, the RVMPO held a 30-day public comment period and public hearing to secure input and comment on the adoption of the FY 2021-22 UPWP.

**NOW THEREFORE, BE IT RESOLVED BY THE ROGUE VALLEY METROPOLITAN
PLANNING ORGANIZATION POLICY COMMITTEE:**

That the attached RVMPO Fiscal Year 2022 Unified Planning Work Program is hereby adopted, and the Rogue Valley Council of Governments is hereby requested to prepare and submit the documents required to secure the funding identified in the UPWP for the RVMPO activities.

ADOPTED by the Policy Committee of the Rogue Valley Metropolitan Planning Organization on the 25th day of May 2021.

The Rogue Valley Metropolitan Planning Organization (RVMPO)

Unified Planning Work Program

Fiscal Year 2021-2022

Purpose of Federal Metropolitan Planning

To improve regional transportation planning and give communities a stronger voice in addressing transportation concerns while avoiding duplication of planning efforts, the U.S. Department of Transportation (USDOT) has established policy guidelines to: 1) integrate modal planning at the metropolitan level; 2) achieve intermodal planning and coordination, and 3) relate these activities to comprehensive planning. The current transportation act, Fixing America's Surface Transportation (The FAST Act), signed in 2015, maintain support for planning elements that should be considered by the MPO's planning process:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase the accessibility and mobility options available to people and for freight;
5. Protect and enhance the environment, promote energy conservation, and improve quality of life;
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation;
8. Emphasize the preservation of the existing transportation system;
9. Improve transportation system resiliency and reliability;
10. Reduce (or mitigate) the stormwater impacts of surface transportation; and
11. Enhance travel and tourism.

Pursuant federal, state and local guidance, the Rogue Valley Metropolitan Planning Organization's (RVMPO) 2021 – 2022 UPWP identifies all transportation and related planning activities that will be undertaken by the RVMPO during the project year from July 1, 2021 to June 30, 2022. The work program was developed to serve these specific objectives:

1. Define work activities to meet the needs of local, state, and federal agencies in accordance with applicable transportation requirements.
2. Identify funding sources for work to be completed.
3. Coordinate work activities and relationships (both internal and external).
4. Promote the wise use of public resources through sound decision-making and interagency coordination.

Overview of 2021 - 2022 UPWP

The Unified Planning Work Program (UPWP) is adopted by the RVMPO Policy Committee and incorporates all transportation planning and supporting comprehensive planning activities in the Medford Metropolitan Area by the Rogue Valley Metropolitan Planning Organization during the state fiscal year 2022¹ and serves as a means to satisfy 23 CFR 450.308. It identifies work proposed by major activity and task and includes summary details about expected products. Funding for all projects is identified. The UPWP is intended to provide a framework for the coordination of transportation planning efforts for and within the region. It may be amended by the Policy Committee as needed to

¹ The State of Oregon fiscal year runs from July 1st to June 30th and is the functional year for the UPWP. It is numbered according to its second half i.e. the year beginning July 1, 2021 is numbered FY 2021-22. The RVMPO fiscal year is the same. The federal fiscal year 2022 begins October 1, 2021, and runs through September 30, 2022.

reflect major changes in work tasks and funding – the moving of funds from one major task to another to cover unanticipated costs or the addition or deletion of tasks due to events outside the control of the MPO. Minor changes, such as the reallocation of funds from one sub-task to another within a major task category, are deemed to be administrative in nature and not subject to public notification. The amendment process is similar to the adoption process, in that public and agency comment is sought and a public hearing held prior to Policy Committee action.

In accordance with the RVMPO's Public Participation Plan, the public hearing for the draft UPWP was advertised in local newspapers on the April 24. In addition, the draft UPWP had been placed on the MPO's website the last week in February 23, 2021 seeking public comment.

This plan consists of three parts: Part I, Tasks 1 through 5, represents the federally mandated and federally-funded portion of the program to be fulfilled by the RVMPO, plus state and locally-funded work to fulfill state as well as federal requirements; and Part II, Task 6, which details additional work that is not federally mandated and is funded by other sources. Part III contains ODOT planning projects within the RVMPO planning area that the agency expects to occur during the 2021-22 fiscal year.

Transportation is an important issue for people across our nation. Concerns about increasing demands on the transportation system in an environment of decreasing funding available for capacity expansion, congested roadways, air quality, and the preservation of "quality of life" have prompted debates at all levels of government. In southern Oregon, rapid population growth and development has increased the importance of deliberate transportation planning.

Role of Rogue Valley Council of Governments (RVCOG)

RVCOG is an association of local governments that provides a forum for coordinated problem solving and regional planning for Jackson and Josephine Counties. Membership in RVCOG is strictly voluntary; the COG has received active participation from local jurisdictions in the Jackson/Josephine region for many years. RVCOG's mission is *"to be a catalyst to promote quality of life, effective and efficient services, and leadership in regional communication, cooperation, planning and action in Southern Oregon."*

The UPWP builds upon the RVCOG's mission by linking regional land use concerns, transportation priorities, transit opportunities, environmental concerns, and economic development; to enhance the quality of life in the region. Transportation planning in Southern Oregon is a multi-jurisdictional and multi-faceted process that defines the best vision and planning mechanism for the region. RVCOG addresses the needs of both the local agencies and those specifically related to the RVMPO geographic area. One area of particular interest for the RVCOG and its Transportation Planning Program in the two-county area includes staffing support for the Rogue Valley Area Commission on Transportation (RVACT). RVCOG also places special emphasis on assisting its member jurisdictions in implementing the Transportation Planning Rule (TPR), and assisting with Transportation System Plan development.

Organizational Structure of RVMPO

The Governor of Oregon designated RVCOG as the Rogue Valley Metropolitan Planning Organization on July 27, 1982. The RVCOG Board of Directors delegated responsibility for RVMPO policy functions to the RVMPO Policy Committee made up of elected and appointed officials from Ashland, Talent, Jacksonville, Central Point, Medford, Phoenix, Eagle Point, Jackson County, the Oregon Department of Transportation, and the Rogue Valley Transportation District (RVTD). The RVMPO planning boundary and Air Quality Maintenance Area (AQMA) are shown on the planning area map, Exhibit A. Federal and state legislation for MPOs can generally be summarized as follows:

- Develop and maintain a long-range Regional Transportation Plan (RTP).

- Develop and maintain a short-range project programming document, the Transportation Improvement Program (TIP).
- Coordinate transportation decisions among local jurisdictions, state agencies, and area transit operators.
- Develop an annual work program (UPWP).

Additionally, due to local circumstances, RVMPO has responsibility under the Clean Air Act (and corresponding state law) for the following:

- Perform regional air quality conformity analyses and demonstrate regional transportation conformity for carbon monoxide (CO) and particulate matter (PM₁₀).
- **RVMPO Policy Committee**
The RVMPO Policy Committee makes final RVMPO planning decisions. It is composed of elected and appointed officials from Central Point, Medford, Phoenix, Ashland, Talent, Jacksonville, Eagle Point, Rogue Valley Transportation District (RVTD), Jackson County and ODOT. The Policy Committee considers public comment and recommendations from two standing advisory committees. Those committees are:

➤ **RVMPO Technical Advisory Committee (TAC)**

The TAC is primarily made up of technical staff from the public works and planning departments of member jurisdictions, local agencies and state planning officials. Because of their technical expertise, TAC members are mostly involved with the transportation planning process. TAC advises the Policy Committee on technical transportation issues and reviews all of the transportation documents presented to the Policy Committee.

➤ **RVMPO Public Advisory Council (PAC)**

The RVMPO PAC consists of residents from geographic and special-interest areas within the RVMPO, appointed by the Policy Committee. Members make recommendations from the public's perspective on proposed long-range transportation plans, project plans, priorities for state and federal funding and other transportation issues.

The standing advisory committees also receive public comment. In addition to these two committees, the Policy Committee from time to time authorizes the formation of ad hoc committees to provide input on specific planning issues and projects.

RVMPO Mission, Vision and Goals

The Policy Committee in October 2009 adopted a Vision for the organization, printed on page 2, based on discussion from a series of meetings and workshops. The committee also adopted a Mission Statement and Goals, shown below. The Policy Committee goals listed below set the direction for the RVMPO. This section of the UPWP provides a status report on how the MPO is addressing the Policy Committee's long-term goals.

RVMPO Mission: *to be a strong and unifying leader for the creation of sustainable, livable communities through regional cooperation and integrated land use and transportation planning.*

RVMPO Policy Committee Goals are presented below with milestones achieved in FY2021 to implement the goal, and work anticipated this year that contributes toward reaching the goal.

1. Increase citizen participation and involvement in RVMPO.

- In 2020-21: Continued using website to present information. Undertook an update of the Public Participation and Title VI/EJ plans. The RVMPO will maintain the PAC as a standing advisory committee.
- In 2021-22: Maintain the PAC, update the Public Involvement Process, and work towards making the RVMPO website more use friendly.

2. Continue to work toward more fully integrating transportation and land use planning.

- In 2020-21: Reviewed/commented on MPO jurisdiction development applications for consistency with RVMPO's Alternative Measures and the Regional Problem Solving initiative. Participated in the statewide Regulations Advisory Committee on Metropolitan Transportation Planning
- In 2021-22: Continue to review/comment on MPO jurisdiction development applications for consistency with RVMPO Alternative Measures; address state land use planning requirements for metro areas and RVMPO contribution and role. Participate in jurisdiction Transportation System Plan updates.

3. Increase integration and availability of transportation options.

- In 2020-21: Assisted RVTd with the finalization of their Transit Master Plan. Additionally, provided RVTd with carry over planning funds to undertake a Campus Master Plan.
- In 2021-22: will continue to assist RVTd in their planning efforts.

4. Expand planning scope to include consideration of the wider transportation-shed.

- In 2020-21: Continued coordination with OMPOC; continued participating in state-wide committees as well as coordinating with ODOT and Transportation Planning Analysis Unit (TPAU) on the development of the ABM.
- In 2021-22: will maintain data sets for Southern Oregon Activity Based Model.

5. Strategically use RVMPO funding to pursue RVMPO goals.

- In 2020-21: worked with ODOT and member local governments on reviewing and updating project selection criteria for next RTP update/TIP
- In 2021-22: continue to work with ODOT and member local governments to update RTP goals, data, and projects.

7. Evaluate potential processes based on best practices in other MPOs.

- In 2020-21: Coordinated with Oregon MPOs on best practices for providing public access to the TIP projects; Generally review state and national reports on best practices. Maintained web-based TIP and RTP project lists with accompanying geographic information.
- In 2021-22: Continue to maintain web-based RTP and TIP project lists; Continue working with ODOT/MPOs on use of Oregon Household Activity Survey (OHAS) data in planning. Review procedures elsewhere on shifting from census to survey data for environmental justice and other planning. Will continue reviews of best practices studies nationwide. Continue the use of geo-enriched demographic data.

Overall, the RVMPO continues to address the Policy Committee's long-term goals listed above.

Other Regional Transportation Planning Organizations

Other committees and boards within the RVMPO planning area also address regional transportation issues. Those panels typically consult with the RVMPO and keep the RVMPO informed of their activities. They include:

- **Middle Rogue Metropolitan Planning Organization (MRMPO)**
The MRMPO was created in March 2013. The MRMPO Policy Committee is responsible for conducting a continuing, cooperative and comprehensive transportation planning process for the Grants Pass Urbanized Area. As designated, the MRMPO includes the cities of Gold Hill, Grants Pass, Rogue River, and adjacent parts of Jackson and Josephine Counties which are anticipated to become urbanized over the 20 year planning horizon. RVCOG staffs the MRMPO.
- **Rogue Valley Transportation District (RVTD)**
RVTD was created in 1975 to provide public transportation services within the district's boundaries. Its seven-member Board is elected and RVTD has its own planning staff.
- **Rogue Valley Area Commission on Transportation (RVACT)**
RVACT is composed of officials from jurisdictions within Jackson and Josephine County. The primary mission of RVACT is to advise the Oregon Transportation Commission (OTC) on state transportation investments in Jackson and Josephine counties.

RVMPO Agreements

Agreements in force among the participating agencies relative to the metropolitan transportation planning process include:

- Resolution No. 82-1-MPO adopted June 30, 1982, designating the Rogue Valley Council of Governments as the appropriate local agency to assume MPO responsibilities.
- RVCOG Charter Agreement that prescribes the voting authority on RVMPO policies and activities being held exclusively by participating RVMPO agencies.
- The July 26, 1982, concurrence letter from the Governor on designation of the Rogue Valley Council of Governments as the MPO;
- Annual planning funds agreements between ODOT and RVCOG;
- A planning agreement between the RVMPO and the Rogue Valley Transportation District (RVTD) describing responsibility and roles for the regional transportation planning process; April 27, 1999.
- Intergovernmental Agreement (IGA) for Transportation Planning in the Rogue Valley Metropolitan Planning Area among the RVMPO, RVTD and ODOT, pursuant to 23 CFR 450.314, identifying each organization's responsibilities in carrying out the metropolitan transportation planning process; June 2018.

Regional Transportation Priorities for Fiscal Year 2021-22

RVMPO will track rulemaking and other developments relating to the FAST Act. Similarly, RVMPO will coordinate on a process to consider appropriate activities relating to state requirements including greenhouse gas reduction and support for alternatives to single-occupant vehicle travel.

Through the Research and Analysis Program the RVMPO is working toward being better able to respond to increasingly complex planning issues including planning for Climate Change regulation (state), new transportation demands resulting from implementation of the Regional Problem Solving plan.

Jurisdictions have begun implementing the region's long-range land-use Regional Problem Solving plan, and this will include addressing the RVMPO's role in coordinating the transportation aspects of the regional plan.

Specific major work products include:

- Maintaining the 2021-2024 Transportation Improvement Program
- Maintaining the 2021-2045 Regional Transportation Plan
- Coordinate with ODOT/ FHWA/FTA on MPO performance measures
- Integrated Land Use and Transportation Planning
- Data collection/analysis for addressing future travel demand, transit demand, land use and Title VI/Environmental Justice.
- Maintain Intelligent Transportation Systems (ITS) Operations and Implementation Plan
- Jurisdiction planning assistance; and
- RVACT coordination

Status of Core RVMPO Planning Documents

The table below lists the core work products of the RVMPO, the adoption date, planning horizon and the time when the next update is due. Generally, ODOT updates the STIP every three years and has set the next update for May 2023.

Table of Core Documents

Item	Date Adopted	Time Span	Update Due
2017-2042 Regional Transportation Plan	March 28, 2017	Four Years	March, 2021
Air Quality Conformity Determination	March 28, 2017	Four Years	March, 2021
2021-2024 Transportation Improvement Program	October, 2020	Three Years	June 2023
Annual Listing of Obligated Projects - 2021	December, 2020	One Year	December 2021
2021-2022 Unified Planning Work Program	May 25, 2021	One Year	May, 2022
RVMPO Public Participation Plan	August 2018	Two Years	August 2021
RVMPO Title VI & EJ Plan	August 2018	Two Years	August 2021

Timing of the RTP update is determined by the timing of USDOT's Air Quality Conformity Determination on the current plan. Such determinations in air quality attainment and maintenance areas such as Medford (for carbon monoxide) and the RVMPO planning area (for PM₁₀) must be made every four years, based on updated planning assumptions for at least a 20-year horizon. The 2021-2045 RTP is still underway and should be completed and adopted by the Policy Committee by June 2021, along with the Air Quality Conformity Determination.

The RTP is amended as needed to include new projects, reflect changes in project funding and other reasons as considered appropriate by the Policy Committee. It can be updated provided the RVMPO conducts public outreach on the amendment, advertising a 30-day public comment period and the Policy Committee conducts a public hearing and votes to approve the change. The RTP must maintain conformity with the state and federal air quality conformity requirements, including the State Implementation Plans for carbon monoxide in the Medford area and particulates (10 microns and smaller) in the entire planning area. The current RTP conforms to both federal and state transportation

requirements RVMPO maintains funds to update the RTP and air quality conformity determination as necessary.

Summary of Projected Deliverables and Products in the 2021 – 2022 UPWP

This section presents an outline of the organization UPWP work tasks, noting some key activities and projected deliverables. Tasks, activities and funding are described in detail in Part 1- RVMPO Functions, following these introductory sections.

The core RVMPO planning functions are presented in five major task sections, with specific deliverables and activities attached to each.

Task 1.0 Program Management – Record-keeping and information retrieval, training, and support for RVMPO’s standing committees occur within this task. Other activities and deliverables include:

- Public Participation Activities (as described in RVMPO Public Participation Plan) including maintaining website www.rvmppo.org and update of Public Participation Plan.
- Develop and implement a consultation practice for the Native American Tribes impacted by the RVMPO.
- Organize files and library materials, including records of monthly Policy Committee and Technical Advisory Committee meetings and bimonthly Public Advisory Council meetings
- Semi-annual and Annual activity reports
- UPWP updates and draft and final 2022-23 document

Task 2.0 Short Range Planning – Activities associated with project programming, including all air quality conformity obligations occur within this task. Specifically:

- Annual listing of obligated projects
- Coordination and management of Congestion Mitigation Air Quality (CMAQ) and Surface Transportation Block Grant (STBG) funding and project selection
- Management of the 2021-2024 Transportation Improvement Program, including participating in statewide STIP/TIP coordinators meetings and amending the TIP as needed.
- Soliciting for CMAQ & STBG funded projects as needed
- Provide technical and planning assistance to and coordination with local jurisdictions and agencies
- Implementation of EPA MOVES for air quality conformity as needed and staying up to date on changing conformity rules and related air quality concerns.
- Implementation of Federal Performance measures and other coordination efforts with our state and federal partners as needed

Task 3.0 Long Range Planning – Maintenance and updates of the Regional Transportation Plan and planning to implement RVMPO’s long-term goals occur in this task, including:

- ITS Plan coordination / implementation / update
- Integration of RVMPO long-range planning with Regional Problem Solving plan to identify future transportation corridors, options and transit needs.
- Coordination of process examining RVMPO role in state metro area requirements
- Maintain the 2021-2045 Regional Transportation Plan

Task 4.0 Data Collection/Analysis – Specific continuing tasks related to data base maintenance and analysis, including:

- Title VI & Environmental Justice planning and compliance report
- Environmental justice population transportation needs assessment

- Maintenance of GIS maps and data
- Travel demand modeling, model maintenance and improvement
- Application of Oregon Household Activity Survey and Census/Survey data in transportation planning as necessary

Task 5.0 Transit – Coordination with RVTB on MPO planning projects

Funding for RVMPO Planning

The RVMPO's planning program is funded by federal, state, local funds and in-kind matching funds, totaling \$709,512.

The largest funding source is FHWA, which provides MPO Planning Funds through ODOT to the RVMPO by formula that consists of 89.73% federal funds with a 10.27% local match required. ODOT has traditionally met the full local match requirements with state planning funds. Other resources are FTA 5303 funds, also through ODOT, for metropolitan planning related to transit (requiring a 10.27% local match), ODOT Region 3 planning funds, and RVMPO member dues. A summary of how funds are to be distributed among the various RVMPO planning tasks is on page 29. Funding commitments are formalized through specific IGAs with ODOT. The RVMPO and its subcontractors (if any) will carry out the tasks described in this UPWP.

RVMPO is dependent on USDOT funding for UPWP activities. For this work program, federal sources provide about 80 percent of RVMPO funding. Member dues provide funds for Policy Committee political activities (organization dues, travel, support) and some general project expenses – primarily public involvement and website support.

Summary of Projected FY 2021-22 Funding Allocation

Figure 1, shows planning resources anticipated by the RVMPO in the coming fiscal year, and their proportion of total revenue. Figure 2, below, summarizes how anticipated resources will be allocated among the major UPWP work tasks. RVMPO planning activities are anticipated to be funded with a total of \$709,512 in federal, state, local funds and in-kind matching funds.

Program management and long-range planning projects will take the largest share of funds. A summary budget breakdown by all work tasks and sub-tasks is on page 29, following the detailed task descriptions in Part I.

In addition to funding described above, RVMPO relies on travel demand modeling services provided by ODOT’s TPAU which, it is estimated, provides up to \$85,000 in modeling services to the RVMPO annually. TPAU maintains and updates the model for no additional charge. The RVMPO does not have the ability to maintain and run the travel demand model.

The UPWP, Title VI and Environmental Justice

The RVMPO recognizes that Environmental Justice must be considered in all phases of planning. Although Environmental Justice concerns are frequently raised during project development, Title VI applies equally to the plans, programs and activities the RVMPO undertakes.

The RVMPO UPWP integrates Environmental Justice considerations and Title VI requirements through the Public Participation Plan, the Environmental Justice Plan, and UPWP work tasks. Both the Public Participation Plan and Environmental Justice Plan contain strategies to reach minority and low-income groups. The RVMPO adopted Title VI discrimination complaint procedure is part of the Environmental Justice Plan.

Environmental Justice is considered as RVMPO selects projects to receive discretionary funds (Congestion Mitigation and Air Quality and Surface Transportation Block Grant Program). Target populations living in the vicinity of a proposed project are identified through Census data. Environmental Justice Plan maps were consulted to assess project impact on target populations. Projects located in the identified EJ areas are given additional points that are added to the overall scoring of the project which may help the project receive a higher ranking on the project priority list. Resulting funding decisions were incorporated into the 2021-2024 TIP.

The RVMPO's Public Participation Program is an integral part of the regional transportation planning process. The USDOT Order (5610.2) on Environmental Justice specifies that minority populations and low-income populations be provided with greater access to information on, and opportunities for public participation in transportation decision-making. The RVMPO has public-involvement policies and procedures that provide for consideration of Environmental Justice. These policies and procedures provide an inclusive, representative, and equal opportunity for two-way communication.

PART I - RVMPO Functions

TASK 1	Program Management/Administration				
Total Task Budget	\$ 472,244				
FHWA	\$ 308,098				
State Match	\$ 35,263				
FTA 5303	\$ 96,360				
In-kind	\$ 2,206				
Dues	\$ 30,316				

Description: This task involves the coordination of all MPO activities necessary for day-to-day operations such as; program oversight, coordination of the Policy Committee, Public Advisory Council and Technical Advisory Committee, public participation, and RVMPO participation in statewide planning efforts. Also included are organizational activities that provide for in-house program management, financial accounting, and informational updates for RVMPO committees, member jurisdictions, agencies and the public. Day-to-day activities such as purchases of materials and services, staff management and training are also included here.

Per Federal laws and policies, MPOs are prohibited from lobbying with Federal Funds. In order to permit comments by the RVMPO to legislators on relevant transportation legislation and policies, MPO dues are used. These activities are more fully described in Subtask 1.1 (i) below.

Objective: *Produce a well-defined planning and operational process that is deliberate, regional in scope, and is cooperative, coordinated and continuing.*

Lead Agency: RVCOG. Agencies to Coordinate: RVMPO member jurisdictions and supporting agencies, ODOT, DEQ, DLCD, and USDOT (FHWA and FTA)

Sub-Task Title	1.1 Office and Personnel Management				
Total Budget	\$ 373,233				
FHWA	\$ 238,528				
State Match	\$ 27,301				
FTA 5303	\$ 77,088				
In-kind	\$ -				
Dues	\$ 30,316				

A large percentage of the MPO management and staff time is spent on task relating to program oversight and fulfilling the administrative requirements of government grants. Many tasks not specifically identified below fall into this subtask, including responding to requests for a variety of RVMPO data and files.

Tasks also include preparation and maintaining records for the Policy and advisory committees, and formation and management of other committees and work groups as necessary, and all costs associated with RVMPO meetings. This portion of the UPWP includes budget line items such as staff travel and training, training needs analyses, and memberships in professional organizations. Work items include

contract and records management, monthly review of expenditures, personnel and team management, needs analyses for future project work areas, Interagency Agreement review, etc. These activities are ongoing. Each work item is listed below with descriptions provided for select work items. RVMPO compliance with any USDOT rulemaking for The FAST Act would be addressed at least initially in this task.

a) **Personnel Team Management**

Deliverables: Self-directed work teams, job performance reviews, and trained, competent staff

Timeframe: Ongoing July – June

Lead Agency: RVCOG

b) **Budget / Expenditures / Grant Research & Writing**

Deliverables: Timesheets (RVCOG), UPWP Activity Timesheets, and Monitoring Materials, Grant Matching Funds, Grant Research & Writing and Services Expenditures

Timeframe Ongoing July – June

Lead Agency: RVCOG

c) **Interagency Agreement Review**

- UPWP Intergovernmental Agreement (May)
- Other agreements as necessary

Deliverables: Updated/Finalized agreements, project-level agreements on cooperation

Timeframe: Ongoing July – June

Lead Agency: RVCOG; *Supporting Agencies:* RVTD, ODOT, FHWA & FTA

d) **Develop and Implement Consultation Practice for Native American Tribes**

Deliverables: Outreach to affected agencies.

Timeframe: June – August 2021

Lead Agency: RVCOG

e) **Training and Conferences**

Deliverables: Attendance at appropriate seminars, conferences and training sessions.

Timeframe: Ongoing July – June

Lead Agency: RVCOG

f) **Meeting Preparation**

Deliverables: Meeting materials, Policy Committee, TAC, PAC

Timeframe: Ongoing July – June

Lead Agency: RVCOG

g) **Operations**

Deliverables: Day-to-day departmental operations, performing work tasks and other duties as assigned. Resulting in an efficiently operated and well-managed MPO

Timeframe: Ongoing July – June

Lead Agency: RVCOG

h) Data/Information Requests

Jurisdictions within the MPO frequently request specific transportation data. This task is included because a considerable amount of time can be spent fulfilling requests. Information requests can be in the form of creating GIS maps, attending meetings, providing information on planning topics and Transportation Planning Rule (TPR) requirements, and providing technical assistance (operations analysis, modeling assistance, etc.).

Deliverables: Completed information requests

Timeframe: Ongoing July – June

Lead Agency: RVCOG; *Supporting Agencies:* MPO Member Jurisdictions

i) Records Management

Deliverables:

- Organized hard files
- Organized computer files
- Organized library materials

Timeframe: Ongoing July – June

Lead Agency: RVCOG

j) RVMPO Policy Committee Travel; Association Dues

Policy Committee Chair and other members participate in state, regional and national boards including the Oregon MPO Consortium and the Association of Metropolitan Planning Organizations. Participation is considered important and necessary to furthering regional planning goals. A portion of RVMPO dues is dedicated to this activity. These funds also are used to pay dues to organizations such as the Association of Metropolitan Planning Organizations (AMPO). Staff support for these activities also is funded in this task.

Deliverables:

- Regional policy-makers participation in state, regional and national organizations and events.
- Membership in organizations as authorized by the Policy Committee
- Legislative issues/Positions (using MPO dues only)

Timeframe: As required, July – June

Lead Agency: RVCOG; *Supporting Agencies:* OMPOC, AMPO, NARC, State & Federal Legislators

Sub-Task Title	1.2 UPWP Development		
Total Budget	\$ 58,623		
FHWA	\$ 39,755		
State Match	\$ 4,550		
FTA 5303	\$ 12,848		
In-kind	\$ 1,471		
Dues	\$ -		

The UPWP is an annual work program that outlines MPO planning activities. Its adoption every year (or optional every two years) is required by Federal law. Its implementation is monitored by the funding agencies (USDOT and ODOT). It is a "unified" program that includes all transportation planning activities that are taking place within the RVMPO geographic planning boundary (Exhibit A). It is written and developed by RVMPO staff and reviewed, amended and adopted by the RVMPO Policy Committee. Most "Subtasks" of the UPWP have been delegated to a Team Leader and that leader must formulate a more detailed work program that will guide in the implementation and completion of each subtask. Subtasks will be monitored to assess progress. Progress information is provided as reports and proposals for action to the Policy Committee and advisory committees. Summary progress reports are provided as part of quarterly reporting process. The annual Self Certification Statement will also be prepared. Development of the Certification Statement will consider the RVMPO's effectiveness in fulfilling federal requirements regarding the 3-C (Comprehensive, Continuing and Coordinated) and multimodal urban transportation planning processes. Deliverables associated with this subtask include an adopted UPWP, Quarterly reports, UPWP amendments, monthly time sheets with task and subtask tracking.

Amendments to the UPWP are required when there is a change to either the work program, an addition to the work program and a budget revision resulting in changes to the work program. The RVMPO Policy Committee must approve all amendments to the UPWP.

a) Monthly Reports

Monthly budget/work task reports are prepared by MPO staff to inform the Program Manager of status of work tasks and funds expended.

Deliverables: Monthly reports

Timeframe: Monthly July – June

Lead Agency: RVCOG

b) Semi-annual Reports

Semi-annual budget expenditures and work task status reports are prepared by MPO staff and sent to ODOT twice each fiscal year.

Deliverables: Semi-annual reports, quarterly meeting with USDOT and ODOT (as needed)

Timeframe: Every 6 months

Lead Agency: RVCOG; *Supporting Agencies:* ODOT, USDOT

c) Daily RVMPO Task Tracking

MPO staff use an electronic timesheet to post hours worked on MPO sub-tasks identified in the UPWP.

Deliverables: Monthly task/subtask timesheets

Timeframe: Monthly July – June

Lead Agency: RVCOG

d) UPWP Development

Deliverables: 2022-23 UPWP document; amendments as necessary

Timeframe: Draft in March; Adoption by May

Lead Agency: RVCOG

e) Annual MPO Self-Certification

Deliverables: Self-Certification statement

Timeframe: Draft by March; Adoption by May

Lead Agency: RVCOG

Sub-Task Title	1.3 Public Involvement		
Total Budget	\$	39,653	
FHWA	\$	29,816	
State Match	\$	3,413	
FTA 5303	\$	6,424	
In-kind	\$	735	
Dues	\$	-	

The RVMPO recognizes the importance and need for providing an active public involvement process, which supplies complete information, timely public notice (45 days for amendments to the Public Participation Plan), full public access to key decisions, and supports early and continuing involvement of the public in all RVMPO planning and program activities. The purpose of this work element is to improve, strengthen and fulfill all these needs. A good public participation program includes public education, public involvement and public relations. The RVMPO updated its Public Participation Plan (see <http://www.rvmop.org/index.php/ct-menu-item-13/public-participation-plan>) in August of 2018 to ensure that the RVMPO meets all of the obligations required under the FAST Act.

a) Implementation of Public Participation Plan

The FAST Act calls for a “proactive public involvement process that provides complete information, timely public notice (45 days for amendments to the Public Participation Plan), full public access to key decisions, and support early and continuing involvement of the public in developing plans.” In FY 2018, the RVMPO strengthened public participation in all of its planning activities through an update of its *Public Participation Plan*. Under this plan, the RVMPO seeks to increase opportunities for all segments of the community, including low-income, minority and disabled citizens, to participate in the metropolitan planning process. Implementation has included efforts to develop new visualization techniques for TIP project selection including greater use of photographs in discussion of site locations and conditions and posting on the web all applications and descriptive materials, and evaluation criteria and procedures. All applicants for RVMPO discretionary funds are asked to make presentations with visuals to each of the RVMPO’s three committees. Presentation materials are posted on

the RVMPO website. This use of the web represents an investment in expanded public involvement that will continue in FY2022.

Deliverables:

- Update existing Public Involvement Plan
- Project progress reports, new visualization techniques and up-to-date website, non-traditional public engagement strategies, surveys, social media, and other activities as identified.
- Ongoing analysis of the demographics of public workshops and survey responses.

Timeframe: Ongoing July to June

Lead Agency: RVCOG

b) Public Advisory Council

The RVMPO Public Advisory Council (PAC), which was formed in 2000, consists of appointed residents from nine Citizen Involvement Areas (CIAs) and special interest representatives for mass transit, freight, bike/ped, public health, seniors, and low-income and minority families. The PAC makes recommendations to the RVMPO Policy Committee from the public's perspective on proposed long-range transportation plans, project plans, Title VI/EJ plans and priorities for state and federal funding and other transportation issues. The PAC hosts public workshops during updates of the RTP to help inform the public of regional transportation planning efforts. The PAC also provides input to the Policy Committee on RTP goals and policies, and statewide planning requirements. The objective of this work element is to maintain and improve the function of the PAC. In FY 2021, the RVMPO will continue efforts to support the PAC, and expand public attendance at all RVMPO meetings. The PAC meets bi-monthly, on the 3rd Tuesday from 5:30 p.m. to 7:30 p.m. The current PAC membership roster is on Page iii.

Deliverables:

- Staff support for PAC
- Regular meetings of the PAC
- PAC member comments on Project Selection Criteria, UPWPs, RTP, TIP, Public Participation Plan, Title VI/EJ Plan and special studies.

Timeframe: Ongoing July to June

Lead Agency: RVCOG

TASK 2	Short Term Planning		
Total Task Budget	\$	131,902	
FHWA	\$	89,448	
State Match	\$	10,238	
FTA 5303	\$	28,908	
In-kind	\$	3,309	
Dues	\$	-	

Description: This task relates to near term activities such as federal Surface Transportation Block Grant Program (STBG) and Congestion Mitigation and Air Quality (CMAQ) project prioritization and programming, air quality conformity activities, maintenance and update of the Transportation Improvement Program (TIP), which is a financially-constrained list of transportation improvements for the RVMPO area, implementation of and coordination with state and federal partners on Federal Performance Measures, and development of the annual list of obligated projects.

Objective: *Undertake activities associated with short-term project programming within a five-year horizon.*

Agencies to Coordinate: RVCOG, RVMPO member jurisdictions and agencies, ODOT, DEQ, DLCD, and USDOT

Sub-Task Title	2.1 TIP
Total Budget	\$ 14,656
FHWA	\$ 9,939
State Match	\$ 1,138
FTA 5303	\$ 3,212
In-kind	\$ 368
Dues	\$ -

Maintenance of the 2021-24 TIP is the main element in this task.

Also, staff will develop and publish the Annual Listing of Obligated Projects that meets FAST Act requirements for all metropolitan planning organizations to report annually on funds obligated by FHWA and FTA. The purpose is to further transparency of the federal government's role in transportation. RVMPO coordinates with member jurisdictions and state and federal agencies to keep the program current and develop the annual obligations report. TIP amendments generally are initiated by sponsoring agencies. Amendments are reviewed by the public and the TAC and PAC. The advisory committees forward recommendations to the Policy Committee, which is responsible for approving the TIP and any changes to it (beyond minor, "administrative modifications," which RVMPO manager is authorized to make under 23 CFR 450 to address project changes such as phase costs and minor shifts in fund sources). All amendments are forwarded to the ODOT STIP coordinator. RVMPO coordinates the amendment process so member jurisdictions will be aware of the progress of projects.

In some instances, TIP amendments can trigger requirements for a new air quality conformity determination. Conformity activities will be determined through interagency consultation conducted by RVMPO (see Task 2.2: Air Quality Conformity for details). Consultation occurs on all full TIP amendments. Full amendments require a public hearing with 21-day public notice and Policy Committee approval. Any necessary amendments to the 2042 RTP are addressed in Subtask 3.2.

Deliverables:

- Amended/Updated 2021-24 TIP as necessary
- Annual Listing and Status of Federally funded projects published on the RVMPO website

Timeframe:

- TIP and Amendments - Ongoing July – June
- Obligated Funds Report – December 2021 (subject to availability)

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT, USDOT

Sub-Task Title	2.2 Air Quality
Total Budget	\$ 14,656
FHWA	\$ 9,939
State Match	\$ 1,138
FTA 5303	\$ 3,212
In-kind	\$ 368
Dues	\$ -

Air quality conformity determinations are a required component of the RTP and TIP and all amendments that expand vehicular capacity (non-exempt projects). The RVMPO will prepare air quality conformity determinations as needed to respond to plan and program amendments. The most recent air quality conformity determination was made in September 2017 for the 2017-2042 RTP and October 2020 for the 2021-2024 TIP. This updates the prior RTP conformity on March of 2017. The RVMPO follows federal requirements for interagency air quality consultation and public involvement procedures outlined in the MPO's Public Participation Plan for RTP and TIP amendments, and Air Quality Conformity Determinations. Funds for this task reflect the additional amount of staff time required to coordinate with Sierra Research (RVMPO's MOVES modeling consultant) to develop data and run MOVES. Conformity training and practice as well as other air-quality-related training will occur under this task.

A PM₁₀ State Implementation Plan (SIP) is in place for the region, setting a regional emissions budget for on-road sources. A Carbon Monoxide SIP is in place in Medford, which sets a CO emissions budget for Medford on-road source emissions. The RVMPO will continue to coordinate with DEQ, ODOT, EPA, FTA and FHWA to maintain transportation conformity status, including any coordination and consultation necessary. A CO Limited Maintenance Plan was completed by ODEQ in June 2015 and a public hearing held in Medford on September 17, 2015. The Environmental Quality Commission (EQC) held a hearing on December 9, 2015 and submitted the SIP to EPA on December 11, 2015. EPA approved the adequacy determination in March 2016. Upon EPA's approval of the adequacy determination, the MPO will not be required to perform a regional emissions analysis to demonstrate conformity for CO. There really won't be much time savings in doing the PM₁₀ modeling only vs. both pollutants as was done for the last TIP and RTP update. The non-attainment seasons are slightly different for each pollutant (slightly shorter for CO). But all the other inputs are the same. Plus the consultant has to estimate fugitive dust emissions for PM₁₀ outside MOVES.

a) TIP / RTP Conformity Document

Deliverables: Air Quality Conformity Determination documents as necessary.

Timeframe: July through June, as needed

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT, USDOT, and DEQ

b) Interagency Consultation

Deliverables: Coordination with DEQ, ODOT, EPA, FHWA and FTA on conformity issues; Conformity consultation, training, reporting.

Timeframe: July - June as needed

Lead Agency: RVCOG; *Supporting Agencies:* ODOT, USDOT, EPA and DEQ

c) Staff Training

Deliverables: Staff trained to assist in running MOVES for conformity documents; maintain currency on conformity-related matters

Timeframe: July – June

Lead Agency: RVCOG

Subtask consists of maintaining regular accounting of fund balances, staying current on fund rules and eligibility, participating statewide in allocation of funds.

The TAC will determine if changes to the project selection criteria and application materials is necessary as part of the next discretionary funding project selection process. Staff will facilitate the process.

Also, funds programmed in the current TIP will be monitored. The RVMPO coordinates with ODOT to track fund balances. Subsequent changes to projects through FY2021 will need to be tracked to maintain fund balances to ensure that funds are programmed appropriately. Administrative duties will be performed as needed. The RVMPO will continue to work with ODOT to ensure CMAQ project eligibility and also ensure the completion of USDOT CMAQ annual reports which require a description of the qualitative and quantitative benefits of CMAQ projects.

Deliverables:

- Administration of STBG and CMAQ funds.
- Updating criteria, evaluation matrices, applications and support documents as needed for allocation of future STBG and CMAQ funds.

Timeframe: Ongoing July - June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT

Sub-Task Title	2.3 Local Jurisdiction Coordination		
Total Budget	\$	58,623	
FHWA	\$	39,755	
State Match	\$	4,550	
FTA 5303	\$	12,848	
In-kind	\$	1,471	
Dues	\$	-	

The RVMPO must maintain a continuing, cooperative and comprehensive planning process that results in plans that are consistent with other transportation planning activities in the Rogue Valley and in the state. There is a growing demand for MPO participation and resources for state and regional planning as well as assistance locally. RVMPO staff participates in technical advisory committees – both at the state and local levels, passing on information, providing local input and coordinating with member jurisdictions at key decision points. RVMPO staff also coordinates with ODOT on projects including statewide multimodal and modal/topic planning, state greenhouse gas reduction planning and the

Oregon Model Steering Committee. At the local level, RVMPO staff also coordinates with the Rogue Valley Transit District (RVTD) in its regional planning efforts.

Critically, the RVMPO provides coordination between the local jurisdictions land use planning efforts and the regional transportation planning efforts by ensuring that local Transportation Systems Plans and the MPO's Regional Transportation Plan are consistent. Additionally, RVMPO staff provides technical assistance to member jurisdictions through its GIS technical support and/or by supplying data, participating in committees, and helping the agencies in their efforts to be consistent with the RTP.

Coordination with other agencies also requires participation in local task forces, steering committees, project teams, advisory committees and subcommittees associated with transportation planning efforts in the Rogue Valley, including the Rogue Valley Area Commission on Transportation (RVACT) and the Middle Rogue MPO. Below is a list of the various committees the RVMPO participates on.

Committee Participation

- Transportation Advocacy Committee (TRADCO)
- Oregon Metropolitan Planning Organization Consortium (OMPOC)
- Oregon MPO/Transit District Committee
- Oregon Modeling Steering Committee
- Oregon STIP Coordinators
- Local TSP Update Technical Committees
- ODOT Corridor Planning
- ODOT Interchange Area Management Plans (IAMPs)

a) Continuing, Cooperative and Comprehensive Planning Process

Deliverables:

- Attendance and participation at appropriate meetings
- Comprehensive and coordinated projects

Timeframe: Ongoing July – June

Lead Agency: RVCOG

Another objective under this element is to ensure consistency between the RTP and local plans such as TSPs, and to maximize the efficiency of the transportation system by helping communities integrate transportation and land use planning principles. Duplication of effort can also be minimized through communication and coordination provided in this task. Below is the status of MPO jurisdiction TSP's.

- Ashland – Adopted update in 2012
- Talent – Adopted update in August 2015.
- Phoenix – Adopted October 2016
- Jacksonville – Adopted update in 2009
- Medford – Adopted update in late 2018
- Central Point – Adopted update in 2008
- Eagle Point – Adopted update in 2010
- Jackson County Adopted update in 2017.

RVMPO staff participates on local TSP technical advisory committees to ensure that the work is coordinated and consistent with the RTP.

b) Ensure Consistency of Local Plans and RTP

Deliverables: Provision of technical assistance, as needed/requested.

Timeframe: Ongoing July – June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions

Sub-Task Title	2.4 STBG & CMAQ	
Total Budget	\$	14,656
FHWA	\$	9,939
State Match	\$	1,138
FTA 5303	\$	3,212
In-kind	\$	368
Dues	\$	-

Subtask consists of maintaining regular accounting of fund balances, staying current on fund rules and eligibility, participating statewide in allocation of funds.

The TAC will determine if changes to the project selection criteria and application materials is necessary as part of the next discretionary funding project selection process. Staff will facilitate the process.

Also, funds programmed in the current TIP will be monitored. The RVMPO coordinates with ODOT to track fund balances. Subsequent changes to projects through FY2024 will need to be tracked to maintain fund balances to ensure that funds are programmed appropriately. Administrative duties will be performed as needed. The RVMPO will continue to work with ODOT to ensure CMAQ project eligibility and also ensure the completion of USDOT CMAQ annual reports which require a description of the qualitative and quantitative benefits of CMAQ projects.

Deliverables:

- Administration of STBG and CMAQ funds.
- Updating criteria, evaluation matrices, applications and support documents as needed for allocation of future STBG and CMAQ funds.

Timeframe: Ongoing July - June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT

Sub-Task Title	2.5 Fed. Coord. And Performance Measures			
Total Budget	\$	29,312		
FHWA	\$	19,877		
State Match	\$	2,275		
FTA 5303	\$	6,424		
In-kind	\$	735		
Dues	\$	-		

Subtask consists of implementing Federal Performance Measures as they come online. This effort will require coordination with our state and federal partners. This subtask is also aimed at being a charge account for unanticipated additional efforts that come into play subsequent to the Unified Planning Work Program being adopted. This task will include any necessary data collection and reporting as required by federal and/or state law. An annual safety report on crash data (provided by ODOT) will be published.

Additionally, the RVMPO will begin to review and update its project selection criteria with an eye towards the federal performance measures and targets set by and adopted by the Oregon DOT and RVMPO.

Deliverables:

- Implementation of Federal Performance Measures.
- Updating and maintaining necessary data bases and reports.
- Annual Safety Report
- Update of Project Selection Criteria

Timeframe: Ongoing July - June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT, USDOT

TASK 3	Long Range Planning	
Total Task Budget	\$	18,235
FHWA	\$	9,939
State Match	\$	1,138
FTA 5303	\$	6,424
In-kind	\$	735
Dues	\$	-

Description: The RVMPO is committed to maintaining and updating the RTP to conform to federal transportation planning requirements as set forth in the FAST Act, the Oregon Transportation Plan, Oregon Highway Plan, and other statewide modal plans, and the Oregon Transportation Planning Rule for urbanized metropolitan planning organizations. Additionally, RVMPO will continue participating in committees, conducting research and other work to be ready to comply with anticipated state and/or federal requirements for long-range performance measures and greenhouse gas emission reductions.

Objective: *To complete the work necessary to maintain the 2021-2045 RTP.*

Agencies to Coordinate: RVMPO member jurisdictions, ODOT, DEQ, DLCD, and USDOT

Sub-Task Title	3.1 ITS
Total Budget	\$ 7,328
FHWA	\$ 4,969
State Match	\$ 569
FTA 5303	\$ 1,606
In-kind	\$ 184
Dues	\$ -

The update to the 2016 Rogue Valley ITS Plan was adopted in May 2017. This task for FY 2022 will focus on working with ODOT and stakeholders to maintain the plan.

Deliverables:

- Maintain and update RVITS plan and architecture as needed

Timeframe: Ongoing July to June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT, USDOT

Sub-Task Title	3.2 RTP Maintenance
Total Budget	\$ 10,908
FHWA	\$ 4,969
State Match	\$ 569
FTA 5303	\$ 4,818
In-kind	\$ 551
Dues	\$ -

The Regional Transportation Plan (RTP) Update for the Rogue Valley Metropolitan Planning Organization was adopted effective March 28, 2017. The RTP is due to be updated for adoption in 2021. This task will primarily deal with updating the plan. Continuation of other long-range planning, including the integration of MPO planning with the Regional Problem-Solving plan (the region's future Urban Reserve growth areas) would occur here.

RVMPO will continue participating with jurisdictions in the implementation of the RPS plan. The plan requires development of master plans for future urban areas. Those plans must include transportation, and RVMPO will continue to contribute in this planning.

Deliverables and Timeframe:

- Update to RTP to be adopted by June of 2021. Also, to amend 2045 RTP, as needed, July-June

TASK 4	Data Collection and Analysis			
Total Task Budget	\$ 102,591			
FHWA	\$ 69,571			
State Match	\$ 7,963			
FTA 5303	\$ 22,484			
In-kind	\$ 2,573			
Dues	\$ -			

Description: This work task involves the collection and analysis of data in support of all regional transportation planning studies and associated planning undertaken by RVMPO. It includes support for RVMPO's ongoing collaboration with ODOT Transportation Planning and Analysis Unit on the regional travel demand model and development of new planning tools, such as scenario planning software.

Objective: *Data collected will be used to identify relationships among social, economic, development and transportation system factors that affect traveler decisions, and the travel patterns that result. Data collection and analysis can also be helpful in determining identifying and addressing Title VI and Environmental Justice considerations as well as contribute to other planning efforts.*

Agencies to Coordinate: RVCOG and funding agencies, ODOT, DEQ, DLCD, and USDOT.

Sub-Task Title	4.1 Research & Analysis			
Total Budget	\$ 51,295			
FHWA	\$ 34,785			
State Match	\$ 3,981			
FTA 5303	\$ 11,242			
In-kind	\$ 1,287			
Dues	\$ -			

This task continues work to strengthen analysis capacity within the RVMPO. It will address the completion and implementation of the new Southern Oregon Activity-Based Model, using available statewide household activity survey and U.S. Census data, and related needs. This work implements goals identified in a Policy Committee visioning process conducted in FY 2010.

ODOT Transportation Planning and Analysis Unit (TPAU) provides the RVMPO with support for travel demand modeling. The new model which the MPO is moving towards will incorporate a significant portion of Southern Oregon and will include the entire Rogue Valley in Jackson and Josephine Counties. The MPO will continue to collect, analyze, and provide data to TPAU as they incorporate the MPO's projects and plans into the new model platform.

Timeframe: Ongoing July – June

Sub-Task Title	4.2 Title VI/EJ&E	
Total Budget	\$ 51,295	
FHWA	\$ 34,785	
State Match	\$ 3,981	
FTA 5303	\$ 11,242	
In-kind	\$ 1,287	
Dues	\$ -	

This task implements RVMPO Public Participation Plan, updated in August of 2018, and the Environmental Justice and Title VI Plan, updated in August 2014, to maintain compliance with Title VI and Environmental Justice considerations. Information contained in the plan about locations and numbers of target populations has become a reference for RVMPO project funding decisions. In evaluating project applications, RVMPO considers impacts on EJ populations as identified in the Plan. Therefore, it is important for the plan to contain up to date information. For FY2022, this task will update and maintain the Public Participation Plan and Title VI/EJ Plan.

This task also maintains the Title VI officer, environmental justice reporting and plan-approval requirements, and Civil Rights complaint process as required by state and federal law. Task provides for continuing education of Title VI officer in legal requirements, strategies and best practices relative to maintaining compliance with state and federal laws and guidance. Outreach and planning relating to locations of protected populations will be coordinated through the Title VI officer.

Deliverables:

- Update to the Environmental Justice and Title VI Plan, August 2021
- RVMPO Title VI/EJ report
- Maintain Title VI officer position, and
- Maintain GIS maps of distribution of minority and low-income populations.

Timeframe: Ongoing July - June

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, TPAU, ODOT, USDOT

TASK 5	Transit Planning	
Total Task Budget	\$ 29,312	
FHWA	\$ 19,877	
State Match	\$ 2,275	
FTA 5303	\$ 6,424	
In-kind	\$ 735	
Dues	\$ -	

Description: This task involves coordination with RVTD

Deliverables:

- Technical memos as defined in the Scope of work which include review of existing plans and programs of local governments and how they may or may not pertain to transit operations. Additionally, RVCOG is to develop a technical memo identifying specific recommendations that RVTD may pursue with local jurisdictions to improve the overall climate for transit.

Timeframe: July – June

Lead Agency: RVTD

Figure 3: Summary RVMPO 2021-22 Budget – Transportation Planning Funds by Source & Activity

(1) FHWA MPO Planning funds are allocated to the RVMPO by formula and consist of 89.73% federal funds and 10.27% state match. Federal Share: \$496,933; ODOT Match:\$56,876; for a Total of \$553,809 for Apportioned for FY 2021-22. (this includes carry over funds from previous years).

(2) Section 5303 funds are provided for metropolitan planning activities. Total 2021-22 allocation equals \$160,161 (including carry-over from previous years) with a local match requirement of \$18,381.

(3) MPO dues are paid by MPO member jurisdictions: Jackson County and the cities of Ashland, Talent, Phoenix, Medford, Central Point, Jacksonville, and Eagle Point.

4) ODOT Region 3 planning funds.

Note: The revenues contained in the UPWP represent the best estimates of anticipated funding and planning priorities at this time. These priorities and funding levels may change over time. Actual ODOT funding commitments are finalized through specific IGAs. The identified dollar amounts may include subcontracted activities.

Exhibit B: RVMPO Designation Resolution

RESOLUTION NO. 82-1-MPO

A RESOLUTION relating to the designation of the ROGUE VALLEY COUNCIL OF GOVERNMENTS (RVCOG), by the Governor of the State of Oregon, as the METROPOLITAN PLANNING ORGANIZATION (MPO) for the Greater Medford urbanized area.

WHEREAS, the Greater Medford urbanized area has been designated, on the basis of the 1980 Census, a Metropolitan Statistical Area; and

WHEREAS, multi-jurisdictional transportation planning within the urbanized area will involve, at least, the City of Medford, the City of Central Point, Jackson County, Rogue Valley Transportation District, and the State of Oregon; and

WHEREAS, the ROGUE VALLEY COUNCIL OF GOVERNMENTS is the appropriate agency to coordinate and perform areawide planning functions within the urbanized area;

NOW, THEREFORE, BE IT RESOLVED BY THE ROGUE VALLEY COUNCIL OF GOVERNMENTS:

That it is willing to assume the role and responsibilities of a Metropolitan Planning Organization (MPO) for the Greater Medford urbanized area, as designated by the Governor, PROVIDED that the financial resources needed to carry out such a role and responsibilities are available and contributed by all parties involved, as appropriate, and

That the Executive Director of RVCOG be authorized to execute the necessary contracts and memorandums of understanding with the State upon completion of legal reviews, and upon approval of the Council.

ADOPTED this 30th day of June, 1982.

Chairman, RVCOG

ATTEST:

Clifford E. Hinds
City of Medford

Donald O. Bruland
Executive Director, RVCOG (Acting)

Paul Holding
City of Central Point

CONCURRENCE IN MPO DESIGNATION:

County of Jackson

Governor Victor Atiyeh
State of Oregon

David B. Carrasquillo
Rogue Valley Transportation Dist.

PART II -- RVCOG Transportation Functions

Task 6 Support to ODOT Region 3

Total Budget: \$17,000

Funding Source: Region 3 Planning Funds (ODOT)

The Rogue Valley Council of Governments provides staff support to ODOT for administrative support to the Rogue Valley Area Commission on Transportation (RVACT).

Task 7.1 Rogue Valley Area Commission on Transportation (RVACT)-Support

Description: RVACT was chartered by the Oregon Transportation Commission (OTC) in March of 1997 and is an advisory committee to the OTC and ODOT. It represents the Jackson and Josephine County geographic area. RVACT is comprised of elected officials and local residents. RVACT's mission is to:

1. Provide a forum for communicating, learning and understanding transportation issues as they effect the two counties' economic opportunities and livability;
2. Prioritize state transportation infrastructure and capital investments through the development of an implementation strategy that supports transportation plans related to the Rogue Valley Area; and
3. Advise the Oregon Transportation Commission on state and regional policies affecting the Area's transportation systems.

Key tasks: Coordination with Region 3 and District 8 ODOT staff in the Statewide Transportation Improvement Program (STIP), preparing monthly agenda materials, meeting notices and correspondence for RVACT meetings. Also, RVCOG staff assists in the preparation of Southern Oregon region Oregon Transportation Commission (OTC) meetings.

Deliverables: Agenda materials, information packets, public notices, technical reports and other documents as requested by ODOT.

Timeframe: Ongoing July-June (through 2021)

Lead Agency: RVCOG; *Supporting Agencies:* Member jurisdictions, ODOT

PART III—ODOT Planning Projects

The projects listed below will be worked by ODOT in FY2020-21. They are listed for informational purposes and to coordinate this work among ODOT, the RVMPO and RVTD. This coordination is in accordance with *CFR §450.314 Metropolitan transportation planning process: Unified planning work programs and §450.318.*

*IAMP: Interchange Area Management Plan

The Public can access information about these projects on ODOT's website:

<http://www.oregon.gov/ODOT/HWY/REGION3/pages/index.aspx>

The ODOT planning projects listed above will be coordinated with the RVMPO. MPO staff will serve on the various technical advisory committees to provide input in relationship to RTP goals and policies. The planning documents developed for these projects will be reviewed by MPO staff for consistency with the RTP.

Project	Description	Total Budget (Estimate)	Funding	Project Start (Estimated)	Project Finish (Estimated)
I-5, Exit 30 IAMP	Develop interchange plan and protection policies for future interchange	\$115,000	Jobs and Transportation Act (State)	April 2019	June 2021
South Stage Overcrossing	Develop refinement plan to examine new overcrossing/interchange at South Stage Road between OR-99 and Foothill.	\$400,000	State Planning & Research, FHWA, Medford(Federal , Local)	June 2020	July 2023
Jackson County Active Transportation Plan	Development of Jackson County's Active Transportation Plan	\$100,000	State Planning & Research, FHWA, Jackson County (Federal, Local)	March 2018	August 2021
OR-62 Corridor Plan (Big X to White City)	Development of Corridor Plan incorporating work from OR-62 EIS, Exit 30 IAMP, Vilas IAMP. Examining connection to OR-140.	\$150,000	State Planning & Research, FHWA, Jackson County (Federal, Local)	June 2021	January 2023
Central Point TSP	Update and development of the City's Transportation System Plan	\$250,000	State Planning & Research, FHWA (Federal)	July 2021	July 2023
