DATE: February 4, 2026
TO: RVMPO TAC
FROM: Jeffrey Stump, Associate Transportation Planner
SUBJECT: FY 2026-27 RVMPO Member Dues

Discussions at the January Public Advisory Council (PAC), Technical Advisory Committee (TAC) and Policy Committee meetings, resulted in a preferred population estimation method to calculate member dues. Using this method, staff have updated the FY 2026-2027 member dues and are now seeking their approval.

Additionally, the RVMPO Policy Committee has directed staff to index membership dues to the Consumer Price Index or CPI and base future dues calculations on the CPI. The CPI is the index used to track changes in prices over time and show how inflation or purchasing power is evolving. For the 12 months ending in December, 2025, the U.S. Bureau of Labor Statistics (BLS) economic news release (<https://www.bls.gov/news.release/cpi.toc.htm>) reports the national All Items CPI (CPI) rose 2.7 percent.

Staff have updated the proposed membership dues below utilizing recent population estimates, as discussed, and the CPI. Table 1 reflects the previously approved 2025-26 RVMPO membership dues. Table 2 shows membership dues with updated population estimates, the 2.7% per capita dues rate increase and the increase or decrease in dues from the 2025-26 dues. Upon approval by the Policy Committee, future dues calculations will also be indexed to the previous year BLS All Items CPI.
